

We offer 6 exclusive caterers to choose from which provides our clients a wide range of menus & price points. Our catering partners will handle all set-up/tear-down of your tables & chairs, furniture moving, as well as provide food & bar service. Please note that use of one of these caterers is required. We are not able to allow outside caterers. Our caterers do allow our clients to supply their own alcohol without corkage fees - huge cost saver! Custom menus & tasting appointments are available with our caterers. Please contact the caterers individually for more information.
